

Ritefit Mechanical Digital Entrance Set RD2

Product ID: LK-RD2SCDP

RRP: see table below

Ritefit products lead the way with this digital lock specifically made for the domestic market and subsequently providing householders with a secure, convenient and yet affordable product. Features include:

- Designed for domestic usage only in low volume traffic areas
- 5 digit opening code
- Combination can be changed at any time to suit changing circumstances
- Supplied with larger internal & external turns for easier gripping
- Standard with 60mm backset, 70mm & 127mm also available
- **Not suitable if replacing over a 54mm hole, it would be best to use the Carbine NK2000** which includes a trim plate
- All installation & operating instructions supplied
- Comes in a display pack only
- Available in satin chrome as a standard finish. Polished brass is only available whilst run out stocks last.
